

Digital Media Creator

Sensory Friendly Solutions is a social enterprise. We help people with hidden disabilities and the businesses and organizations offering sensory-friendly, and inclusive experiences.

We are looking to hire a full-time (37.5 hours a week) **Digital Media Creator** for a remote (New Brunswick) term of approximately five months. Salary will be \$20 to \$25 per hour depending on experience, qualifications and demonstrated aptitudes.

Applicants must be under 30 years old with a post-secondary diploma or degree, a permanent resident or citizen of Canada or citizen of New Brunswick, and currently underemployed, unemployed or working part-time.

Responsibilities:

- Collaborate with our team to identify digital communication opportunities.
- Create and edit audio and video content as required.
- Development of compelling visuals, images, and text to support our communications.

Experience and Skills Required:

- Proficiency in WordPress and Adobe Creative Cloud.
- Expertise in filming, recording, creating and editing audio, video and animated content.
- Excellent verbal and written communication skills in English.
- Excellent interpersonal and presentations skills.
- Attention to detail, critical-thinker and problem-solver.
- Aptitude for working independently and collaboratively with a remote team.
- Superb project management skills to deliver creative digital content on time.
- Ability to conceptualize and create all the digital media for online training courses, advertising and podcasts.

Candidates will be required to provide their own computer. Access to filming and recording equipment an asset, but not mandatory.

Are you interested in being part of a small team trying to change the world for the better? Do you like to help out and get the job done? Is doing social good part of your core values? Then apply by sending your résumé and cover letter to christels@sensoryfriendlyolutions.com

Sensory Friendly Solutions is an equal opportunity employer.

This internship is funded by the Government of Canada under its Digital Skills for Youth (DS4Y) program. DS4Y, an initiative from Innovation, Science and Economic Development Canada (ISED), provides an opportunity for youth to gain valuable training and work experience needed for today's digital economy.
